SBIR Details

|                        |   |
|------------------------|---|
| Research Type          | Small Business Innovation Research Program (SBIR) Phase II  |
| Title                  | Misinformation Fingerprints   |
| Abstract               | NewsGuard combines human intelligence with technology to enable companies, institutions, and end-users to identify, track, and avoid misinformation and disinformation online--and to find trustworthy sources from which information is likely to be accurate. |
| Research Objective     | The goal of phase II is to continue the R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II.                              |
| Topic Code             | AF21I-DCSOI   |
| Agency Tracking Number | F2D-2958  |
| Solicitation Number    | X21.I   |
| Contact                | Harmony Keeney  |
